

Dear Parents of Discovery Students,

Those of you who watch the school calendar have noticed that our first Discovery Parent meeting is less than 2 weeks away. These meetings are always aimed at both education and encouragement for you as parents. We schedule two of these meetings per year.

Our topic for this first meeting will be “Ten Ways to Help your Child Read Better”. Almost all of our children need help in the area of reading. There are so many aspects of reading –sound recognition, decoding, fluency, comprehension. We will discuss ideas on how to help your child no matter where he is in this reading process. We will also be hearing from an “experienced” Discovery parent.

Please join us. This is an excellent time to meet other Discovery parents and to be encouraged by them. It should be well worth your time.

Topic: “Ten Ways to Help your Child Read Better”

**When: Monday, September 15, 2008
7:00 PM**

**Where: North Hall of the High School
Room 126**
