

Discovery Parent Night

Come experience how your child learns in Discovery.

You will experience several of the techniques that are used in Discovery to help your child develop their learning ability. The meeting will give you a better grasp of the “educational therapy” that your child experiences each day .

You will also be given a chance to interact with other Discovery parents for support and education.

When? Monday, September 20 at 7:00 PM

Where: LWCS – High School North Hall, Room 126
